### Terms of warranty:

- This warranty covers fractured and lost restorations, night guards and retainers.
- The failed restorations will be redone at no cost if all the conditions are met.
- There will be no refund of the payments made.
- If a more extensive restoration is needed, the payment made may be used towards that treatment and patient will be responsible for the difference.
- The restoration must be the recommended treatment. (For e.g. Large fillings where a crown was recommended are not covered)
- Routine re-care appointments at recommended intervals MUST be followed at our office to maintain the warranty
- Patient's account must be current with no balance on it.

### What is not covered:

- Any restoration failed due to new decay or gum disease is NOT covered.
- Any additional treatment required is not covered. (For e.g. If a RCT is required after filling or crown)
- The warranty will void if hygiene appointments are not kept at as recommended (2,3,4,5, or 6 month intervals.)
- In case where the restoration was a transitional or compromised solution and poor prognosis was informed. (For e.g. A filling when a crown or onlay was recommended)
- If an implant fails due to infection, it will not be covered. Regular implant maintenance appointments should be kept.
